U. S. TROOPS EXPECTED TO MEET FIRST ACTUAL OPPOSIT'N BEFORE DARK

**General Funston Reaches Office Early—Believes
Decisive Battle With Villa Bandits
Soon to Take Place.**

(By International News Service.)

SAN ANTONIO, March 18.—The announce-
ment was made today at General Funston's head-
quarters in this city that the American troops will
meet their first real opposition before nightfall.
The general reached his office at an early hour this
morning and immediately held a lengthy confer-
ence with members of his staff.

Brief reports from General Pershing state all
is well so far with no new developments during the
hours of darkness. General Funston declined to
give any information as to the exact location of his
troops further than to say that the Dodd column
joined Colonel Slocum's force late yesterday. The
junction was made at San Pedro.

Censorship Strict.

Mexican authorities are aiding the Americans
in preserving the strictest kind of censorship. Press
correspondents traveling with the army have been
placed at the rear with the infantry and one of their
couriers who attempted to send dispatches from
Guzam was arrested and sent back to the main
camp.

Villa Reported Fleeing South.

EL PASO, March 18.—Villa is fleeing south of
the Casas district without waiting to give battle to
the United States troops and is killing and burning
as he retreats.

This information was received today by Gen-
eral Gavira, commanding the Carranza garrison
at Juarez. Two small villages north of San Buena-
ventura were left in ashes behind the bandits,
many of the inhabitants being murdered. Villa is

GRUBER-MORRIS HARDWARE CO., Inc.

expected to work back into the Sierra Madre moun-
tains where he has cached vast supplies of arms and
ammunition.

AMERICAN TROOPS ONLY 30 MILES FROM VILLA

SAN ANTONIO, March 18 (3:30 p. m.).
General Funston announced that reports in-
dicate the American forces have reached Casas
Grandes and Villa is only thirty miles south
of there.

GERMANS BEGIN OFFENSIVE IN GREECE.

(By International News Service.)

GENEVA, March 18.—The former light en-
gagements between the Germans and the Allies
southwest of Lake Doiran are reported spreading
gradually into a general engagement covering
many miles of trenches.

Large numbers of Teutons and Bulgarians
have crossed into Greece, indicating that the Ger-
man offensive against the Allies in that country
has begun.

CHINESE PROVINCE NOW REPUBLIC.

(By International News Service.)

HONGKONG, March 18.—The Chinese prov-
ince of Kwangsi, has proclaimed itself a republic.
The population is 5,000,000.

AMERICAN SOLDIERS TO AVOID MEXICAN TOWNS

(By International News Service.)

WASHINGTON, March 18.—Officials made it
plain today that the request of General Gavira that
the present American invading expedition shall
not occupy any Mexican city or towns is considered
by this government entirely reasonable. It is
a known fact that the establishment of a base of op-
erations and supplies in a foreign community could
not help but be misconstrued by the people of Mex-
ico.

To avoid such an unfortunate complication, it
is expected the American troops will give all towns
and cities a wide berth in their march southward.
No actual detailed news of the movements of the
soldiers will be given out here for several days.

Military authorities agree in the belief that the
bandit murderer Villa will die fighting and can never
be taken alive. In view of this, large rewards are
being offered throughout Mexico and along the
border. It seems probable that some of his own
men may turn against him and give him up to the
American troops.

It is said Mexicans familiar with recent devel-
opments consider the present situation "fairly sat-
isfactory".

ANOTHER BRITISH SHIP SUNK; GERMANS MAY ATTEMPT CUTTING OF ALL ATLANTIC OCEAN CABLES

(By International News Service.)

LONDON, March 18.—The British brigantine
Willie, has been sunk in the Atlantic ocean off the
west coast of Ireland by either a floating mine or
a torpedo. Her entire crew was saved.

The location of the disaster indicates that the
German submarines are now operating in a new
field and may even be planning to cut all Atlantic
cables if they can locate them.

THE CLARENDON BALL IS TREMENDOUS SUCCESS

MANY PROMINENT DINNER PARTIES FILL MAIN DINING ROOM AND GRILL TO OVERFLOWING. GREAT SOCIAL EVENT.

An event that is always anticipated with unusual interest and pleasure is the St. Patrick's dinner dance at the Clarendon. This year the affair excelled in brilliancy. The guests and residents all strove to make it the social function of the year.

The color scheme of green was unusually attractive. Every conceivable corner was artistically decorated in colors of old Ireland, the ball room being especially artistic.

The entrance to the room was prettily lighted with shamrock globes and as one entered, the first thing to catch the eye was a handsome banner with the motto, "Erin Go Brach," all brilliantly lighted and casting its rays over the happy dancers. From the chandeliers green crepe paper was most effectively draped.

Potted plants added grace to the scene with the colors of Old Glory waving over all.

The same decorations of the ball room were carried out in the grill to the most minute detail. The lobby too, was beautifully decorated in green.

There were many prominent dinner parties, both the main dining room and the grill being filled to their capacity. There were six hundred covers set, during the evening in the main dining room besides a large number of jolly parties in the grill.

The dining room and grill were gorgeous, with beautifully gowned women and men in their evening attire.

Each guest entering the dining-room received favors of green hats, balloons and pipes.

Artistic and appropriate menus were used and an elaborate course dinner served.

Following the dinner the guests adjourned to the ball room where dancing was enjoyed until the wee sma' hours in the morning. The Clarendon orchestra under the direction of H. Tucker, rendered the following program:

One Step—"I'm On My Way to Dublin Bay," Murphy.

Fox Trot—"When Cupid Calls," (Rat-Tat-Tat-Song) from "Sybil," Jacobi.

One Step—"The Irish Tango," Lampe.

One Step—"The Merry Whirl," Lening.

Waltz from "Chin-Chin," Caryll.

One Step—"A La Carte," Holzman.

One Step—"Keep the Home Fires Burning 'Till the Boys Come Home," Novello.

Fox Trot—Piano Song from "Stop, Look and Listen," Owen.

One Step—"If You Can't Get a Girl in the Summer Time, You'll Never Get a Girl at All," Tierney.

Waltz—"Just a Moment," Nau Alstyne.

One Step—"Settle Down in a One-Horse Town," Berlin.

One Step—"Is There Still Room for Me 'Neath the Old Apple Tree?" Abrahms.

Fox Trot—"Some Sort of Somebody," from "Miss Information," Kern.

One Step—"I've Been Floating Down the Old Green River," Cooper.

One Step—"The Little Gray Mother Who Waits All Alone," DeCosta.

Waltz—From the comic opera "Sybil," Jacobi.

One Step—"Circus Day in Dixie-Gumby."

One Step—"Molly Dear, It's You I'm After," Pether.

Fox Trot—"Hold Me in Your Loving Arms," from "Follies 1915," Hirsch.

One Step—"I'm Simply Crazy Over You," from "Hands Up," Schwartz.

One of the main features of the evening was the Hawaiian dances. The hall was lighted with blue bulbs during the dance and the feature proved attractive to all.

Bird Travelers.

The greatest travelers in the world are arctic terns, which fly 22,000 miles a year. Humming birds have been known to fly the 700 miles across the Gulf of Mexico. At a point half-way across they stop humming "Dixie" and begin "La Paloma."

Inhabitability of Mars.

The question of the habitability of Mars is one on which astronomers differ greatly. The sole evidence in favor of the existence of intelligent beings on it is the obviously artificial nature of the so-called canals as some astronomers see them. There cannot be said to be evidence of additional canal construction on the planet, the whole question of the existence of any canal being still a matter of controversy.

"PLAYING DEAD" AT THE CRESCENT MONDAY

"Playing Dead" is a story of a man's love—and a sacrifice. Rather than disgrace his wife with a divorce that she may marry another, Jimmie Blagwin, plans to do away with himself that his wife may marry her lover and be happy.

He left a farewell note—"And remember, Jeanne, whatever you may do, I love you enough to understand." Surely these are from a heart that is truly great.

The captain of the St. Louis when one day out discovers that the cabin of James Blagwin is empty. There is a letter asking that no search be made for the body.

Wireless flashed the sad message. Struck dumb with the news of her husband's death, Jeanne is almost crushed.

Her lover is gratified by the news. He rushes to Jeanne—but Jeanne Blagwin now doubts her love for him. She is almost cold.

The day after the suicide a stranger in a cheap rooming house searches the news extras.

Blagwin was rich! He had left a will—and he had left all his wealth to his greatly loved wife—the wife who had twisted his soul.

Honor is greater than a temporal happiness—and honor and love are the greatest things in the world.

This Vitaphone Blue Ribbon feature has a finish, deep hearted love interest and a love of the noble that is stirring. There is a smoothness and rhythm that is almost like music—sometimes crashing out the deep chords of a love of honor—and at others playing a sweet melody of sweetness and love that is enchanting.

COLTS AND REGULARS ARE TIED IN SERIES

The rapid development of the Regulars as a playing machine and the equally rapid development of the pitchers, young and old, were the features yesterday of the game in which the Brooklyn Colts beat the Regulars by 3 to 2, each side making four hits. It was a game for blood, and, although Uncle Wilbert Robinson was supposed to be managing the Regulars, he swelled with pride over the showing of the rookies.

Ed Pfeffer's three innings for the Colts was the big hit with your Uncle Wilbert and with his playmates. Edward has been considered a warm weather pitcher because of his phenomenal indifference to the exhausting effects of flinging on the hottest days in such cities as Cincinnati and St. Louis, where the air is not only hot, but humid. Yesterday he demonstrated in a cold and high wind that he can show much stuff in the spring as on July 4.

Pfeffer was counted upon to come through for a great season this year, which will be his third in the majors, but there is never any telling what sort of a kink a pitcher may have developed over winter. His recent performances indicate as surely as can be indicated in this world of sorrow, sadness, woe and professional reformers, that the big fellow has no kinks whatever to untangle, and he should

be better in the coming campaign than ever before. As he is correspondingly sticking to his record as a reliable hitter, Brooklyn should have in him one of the very brightest stars in the big leagues.

Nap Rucker worked four innings for the Regulars, and again reported that his arm was not inconvenienced by the strain of his twisters. Nap is not yet under a full head of steam, but he is beginning to mix the teasers and high drops with his delivery often enough to make the Regulars use strong language when he works against them.

Hunter Goodbred continues to pitch puzzling ball and it is hard to get a line on his future. He delivered three classy innings on Wednesday and repeated yesterday. Uncle Wilbert went out of his way to comment upon the quality of the tall lad from Mayo, Fla. If the thing keeps up Goodbred will come pretty near to landing in the majors. Brooklyn has thirteen pitchers here, and five will have to be disposed of, but that does not mean that all of them will be sent to the minors. Two or three might be used

profitably in trades with other major clubs.

The outfield situation remains as complicated as ever. Jimmy Hickman simply insists upon breaking into print, and Larry Miller tags right along with him. Hickman opened the first inning for the Colts yesterday with a stout single off Ed Appleton. Mike Mowrey singled through the box and Ivan Olson sacrificed them along. It was up to Miller to do something, and he was on the job with both large and capable feet. He plunked a savage single to right that scored Hickman and Olson, and pained the Regulars. It will be noted that Miller is still following out his orders to hit to right, and has had no difficulty in changing his style at bat. If he can keep that up, he will be a mighty handy man for the hit-and-run play, and he is doing it so often that it is thought he has become addicted to the habit.

Charley Stengel's improved batting eye was again in evidence when he thumped an untarnished triple to right for the Regulars in the fourth inning, and went home on Zack Wheat's infield out. The Regulars are

perking up amazingly since they have found that their outfielders can hit, because it was the slump of that outfield which cost the 1915 pennant. Instead of being the weakest spot in the Superba attack, the outfield this year promises to become the strongest, as it was in 1914.

The battle between Ollie O'Mara and Ivan Olson for the berth at short continues. They were kept busy yesterday and took turns in pulling good stuff. O'Mara is one hundred per cent better than last spring, and Olson never did better work. One of Olson's stops back of second was phenomenal and the quick snap to first was perfect. Both are showing the effects of conscientious application to the business of getting into shape, and the struggle between them is one of the most interesting side issues of camp life.

Jack Karst, the Philadelphia semi-pro, training with the Superbas, is picking up rapidly in the higher baseball as taught by Prof. Robinson. Jack's fielding yesterday was the real major article, and his timely hit in

the ninth drove in the winning run for the Colts.

With the score tied in the ninth, Mowrey doubled for the Colts. Larry Miller completely crossed and bamboozled the Regulars by laying down a sacrifice instead of trying to kill the ball with his piano-mover's arms. It was what Robbie calls sharp practice, and, while nefarious, was highly beneficial, Mowrey going to third. Along came Jack Karst with his single, and we all went home.

A one-hand catch by Zack Wheat in the heavy-going in the outfield was a play that stood out most sharply. Zack is fielding in his old time form, and is hitting proportionately.

Watch Your Manner.

As a rule courtesy receives courtesy. Many times a rudeness which we resent was called out by something out of the way in our own conduct. A child will very often speak impertinently to one who addresses him roughly, while courtesy he instinctively answers in kind. The girl who is continually encountering rudeness, had better make a study of her own manner.

ALLANDALE

ON THE MAP AT LAST—

Mr. J. P. Beckwith, Vice-President of the Florida East Coast Ry., Co., has given the order to construct a ten-car side track at ALLANDALE STATION—The next time-card issued by the F. E. C. TWO THOUSAND IN CROWD TO WATCH BELLBOYS' SPORTS

CLARENDON BELLMEN AMUSE
LARGE CROWD ON THE BEACH
FRIDAY MORNING IN FRONT
OF THE HOTEL.

Hundreds of people were present Friday morning to watch the Field Day sports of the Hotel Clarendon bell boys. For a distance of several hundred feet in front of the hotel, the beach was fairly packed with interested spectators, numbering well toward 2000 people. Men, women and children came from all over this vicinity to see the St. Patrick's Day fun, which had been so widely advertised.

The sports began promptly on the scheduled time and were carried through with many wild howls of hysterical laughter from the crowd and the participants. The 100-yard dash, coming first, was followed by races and contests of a comical nature. Sack races, potato races, obstacles races, all elicited shrieks from the onlookers, but the climax of the whole morning of sport came with the greasy pig chase.

The many society ladies in the crowd found it exceedingly difficult to protect their costly dresses from the touch of the oiled razor back which was oiled to the last word in slipperiness. It is indeed safe to say that Sir Pig would never have condescended to allow anyone to capture it, had the poor king's wind held out through the whole morning. As it was, the animal was too fat for much running, after the way it streaked around the beach for the first few minutes. Two thousand people scattered far and wide in their efforts to escape the poor fat pig, but doubtless many pairs of trousers were spoiled by contact. This poor king met its

fate as everyone must, and when well nigh exhausted, was caught, and it is to be hoped, consumed for supper last night.

Pie constituted another funny number on the list of contests for the morning. The willing participants raced for a time record for the consumption of a whole pie, thus bringing out the shouts of merriment and encouragement from various members of the crowd. Bets were even placed on one pie-eater, who showed the biggest mouth before the race.

The fun came to a close about noon and the ten colored bell boys of the Hotel Clarendon deserve much praise for the morning's entertainment, which they furnished to one of the largest throngs ever assembled at one time on the beach. They intend to repeat these sports next year.

DEAN T. SMITH, M.D. TO ADDRESS CLASS

The speaker for the Tourist Bible class of the Daytona Beach Methodist church for Sunday morning at 9:45 will be Dr. Dean T. Smith, the well-known physician of Daytona, who will speak on "A Problem of Education." Dr. Smith is very familiar with his subject and is sure to please all who attend.

Mrs. C. A. Randall entertained the members of the junior choir of the Daytona Beach Methodist church at her home on Atlantic avenue. A pleasant time was experienced by all who went.

The greater part of the evening was spent in game-playing and in contests of mental skill, all of which were greatly enjoyed. Toward the close of the evening, delicious refreshments of ice cream, wafers and candy were served by the hostess.

NO MORE ICY WINDS AFTER A FEW WEEKS

Of course, the Peninsula is having perfectly delightful winter weather, and in truth, anything is much better than to find it compulsory to get up in the morning and shovel the snow from the front walk when the mercury says 28 below zero. But this last cold snap, which makes the third of fourth decrease in temperature for March, has gone right to the marrow of some people. These Peninsula residents had let their wood piles dwindle down to naught, little dreaming that the thermometer might again take that same road. They were even dusting off their straw hats, all ready for the sweet and fragrant coming of spring.

The sun is always nice and warm. But the vast majority find it necessary to get out into the wind, and the little breeze, blowing at present from the north, brings with it a song, the burden of which tells of icicles on the telegraph wires, snowballs and frozen extremities.

Spring will always come to the Peninsula when she sees fit and perhaps the old straw hat will come in handy to kindle a fire some morning before she actually does arrive. Weather prophets have it to tell that we are now in the last icy embrace of the frozen north, and that the average daily temperature will soon rise to 70 instead of hovering around the 55 mark.

Mr. and Mrs. Parsons and children left this afternoon for Akron, O., where they expect to live in the future. They have been residing here for nearly two years. Mr. Parsons being in the plumbing business. All of their many friends hope for their success in the future.

DAYTONA BEACH LOCALS

Don McDonald came over from his home in Sanford, Friday afternoon, to spend the week-end with friends on the beach. Mr. McDonald is a frequent week-end visitor to this vicinity and all of his many friends are pleased to see him each time.

Everyone is cordially invited to attend the Tourist class tomorrow morning. An interesting Bible discussion will follow the lecture by Dr. Smith and everyone is asked to take a part. This will be led by Rev. Treadwell.

Mrs. John C. Stuckert has arrived from Bristol, Pa., for an indefinite stay at the Seaside Inn.

Mr. and Mrs. C. Von Schrader, of Maquoketa, Ia., are in Daytona Beach and are stopping at the Seaside Inn.

Sophie Hole and Marie E. M. Lemman, of Springfield, Ill., were registered at the Seaside Inn for lunch Thursday.

C. A. Barbour, of Boston, Mass., friend of W. Denison, season guest of the Seaside Inn, has recently arrived for an indefinite stay at this popular hostelry.

After a most enjoyable stay at the Seaside Inn, Mr. and Mrs. A. O. Lee, Mrs. Ogden and Dr. and Mrs. S. M. Hay have returned to their home in Toronto, Can. Dr. Hay is a very prominent surgeon of Toronto. The party made a host of friends during the stay here and thoroughly enjoyed the winter in Florida.

Mr. and Mrs. Henry Zemer and F. O. Sheldon have arrived from Ohio to spend some time on the beach as guests of the Hotel Clarendon.

Tenacious Tires —of black "Barefoot" Rubber

"LIKE a Pup to a Root," do they hang on to the Earth, when you throw in the Clutch, or throw on the Brakes.

But, instead of merely grinding against said Earth,—for Traction,—they CLING to it, much as your bare foot clings to slippery surfaces.

This new and wonderful Goodrich "Barefoot Rubber," is as stretchy almost as a pure Rubber band,—Light-weight as Rubber in its native amber color, but stronger, tougher, longer-wearing (in Tires) than pure Rubber could ever be.

That Lightness, Stretch, and CLING-quality is due, in part, to the absence of the heavy and inert white substances which, in other Tires, provide the gritty texture designed to give effective but grinding Traction, when Clutch or Brakes do their work.

To provide its maximum Traction with minimum Friction (which means minimum Heat, minimum Tread-Wear, and lessened Strain on the rubber adhesive between fabric layers.)

—That's the Mission of the new Goodrich "Barefoot Rubber."

How well it does this work,—how much more Resilience, Comfort-in-riding, and Mileage, it gives,—may be realized only by test.

"BAREFOOT RUBBER" can be had in Goodrich Safety-Tread Tires,—Goodrich Motor-Cycle Tires,—Goodrich Bicycle Tires,—Goodrich Truck Tires,—Goodrich Rubber Boots, Overshoes, Soles and Heels, and in no other make but Goodrich.

Get a sample of it, at the nearest Goodrich Branch or Depot today.

Stretch it thousands of times, but tear its fibres you can't.

With all this,—observe that the best Fabric Tires in America—made of this TENACIOUS "Barefoot" Rubber,—cost you no more (and usually less), than ordinary Tires made by other responsible manufacturers.

No "larger-sized" Tires (taken Size for Size and Type for Type), are made than Goodrich Black-Tread Tires.

Why, then, should any Business Man pay more than the Goodrich "Fair-List" Price, for any Tire, until he has at least tested one pair of these new "Barefoot" Rubber Goodrich Tires?

CHANNEL IMPROVEMENT OF VAST IMPORTANCE

WORK SHOULD HAVE HEARTY SUPPORT OF BUSINESS MEN AND CITIZENS. IMPROVEMENT MEANS MUCH TO DAYTONA.

As previously stated in the News a committee composed of R. S. Maley, E. T. Conrad and S. E. Bullard, was appointed at a recent meeting of the Halifax River Yacht Club to receive subscriptions toward defraying the expense of deepening and widening the canal from the Halifax river channel to the deep water at the yacht club wharves and city dock and those desiring to contribute something to this very important work should see one of these gentlemen or call at the club house where a subscription list is kept for the convenience of winter residents and visitors. Mr. Bullard is also in possession of a list which he is circulating among the merchants of the city and another list has been left with Geo. F. Crouch, local agent for the Howard Transportation company, for the convenience of those who are getting their freight by water and would like to assist in the improvement of

the waterway to the river channel. As has been stated, the canal is to be widened to 80 feet and given a depth of six feet at mean low water.

This very important improvement will cost about \$4,500, of which the yacht club has contributed \$1,500 and H. E. Pence \$1,000, while lesser donations amounting to \$400 have been made. This still leaves about \$1,600 to be raised to do the necessary work, but considering the value to the business people of the city which will accrue from the improvement, it should not be difficult to secure this amount.

Many yachts that would visit Daytona on their southern cruises, are prevented from doing so by their inability to negotiate the present passage-way from the river channel to the city dock and yacht club wharves. This is a direct loss to the merchants as these yachts would all purchase supplies of various kinds while here, and the loss indirectly in the way of advertising which the city would receive through their visits is beyond computation.

This is a matter that should have the hearty co-operation and support of all persons interested in the welfare and advancement of Daytona, and the amount of money necessary to make the improvement is relatively small in comparison with the benefits to be derived.

CLARENDON NOT TO CLOSE UNTIL 20TH

BOOKINGS FOR APRIL WILL COMPEL HOLDING OPEN OF THE CLARENDON HOTEL UNTIL APRIL 20TH.

The original plans of the Hotel Clarendon management have been changed in such a manner that this popular hostelry will not close its season until the 20th of April, instead of the 10th of April, on account of the heavy bookings for April and the meeting of the State Bankers' Association, which will be held there on the 7th and 8th.

For this reason bookings have been accepted up until the very last day of the season. President Potter, of the Clarendon Hotel company, desires the people to know that accommodations can be held on northbound trains right up to the 20th of April. Regular through trains will be run until the close of the season. Mr. Potter makes the statement that "People should not be at all alarmed for their accommodations if they wish to pro-

long their stay in the Sunny South for another ten days in April." He also says that the present season is one of the best yet since the new Clarendon was built.

"WATER STUFF" AT THE ARCADE MONDAY

A three-reel comedy drama entitled "Water Stuff," featuring Buck Parvin and Queenie Rosson.

Jenny Lee, in order that she may aid her hard working mother in making both ends meet, accepts a position as a extra girl with the Titan Motion Picture Company. They are all transported to an old hull far out from shore, and according to the director's orders, the hull is set adrift and told to jump. All jumped excepting two, Buck Parvin, who is too seasick, and Jenny, who cannot swim, but with the waves in mind, she leaps and is soon lost to sight. Buck upon seeing her peril, leaps after her and he at length drags her to safety. Buck assists Jennie to her home where he is rudely rebuffed by Jennie's mother. "Oh, well, such is life in motion pictures," sighs Buck. When he got back to the office he was met with a surprise and all ends well.

St. Patrick's

Day Reception

Receiving their many friends in their attractive home on South Palmetto avenue, Mrs. F. M. Davidson and her daughter, Mrs. F. W. Pope, welcomed a large number of guests to an "At Home," Friday afternoon. Three reception hours, from 3 to 4, 4 to 5 and 5 to 6, brought different bevy of attractively gowned ladies to enjoy the hospitality of these charming and gracious ladies.

The large, old-fashioned house, strictly southern in style, with its decorations of green and white, carried out the color scheme of St. Patrick's Day.

Ferns and potted plants in abundance, lovely baskets of white and green carnations with asparagus ferns, tullebows of green on the handles, graced the rooms. Tall white stalks and ferns, stately and lacey, in vases added beauty. The Despland orchestra rendered a delightful concert program composed of Irish airs.

The ladies received in the northern parlor. Mrs. Davidson's gown was one of rare black lace over black satin with quantities of passementerie. She wore the family jewels of cameo and pearls. Mrs. Pope wore a lovely white lace over green taffeta, no jewels.

Delicious refreshments were served in the dining room, which was decorated with ferns, palms and potted plants. The table held a huge basket of white and green carnations with asparagus ferns and large bows of green tulle draped from the basket handles.

Mrs. M. P. Cornwall and Miss Mollie Wilder directed the serving, assisted by Francis Brower, Elizabeth Maley, Mary Gille, Marion Schoeberlein, Mary Kent Robbins and Elsie Parkinson, six pretty little girls in dainty green and white frocks.

Card Party at Seville
A St. Patrick Affair

The St. Patrick's card party, given at the Seville hotel, Friday evening, was much enjoyed by a number of the guests of the hotel and friends, who came in for the game. Auction and five hundred were the forms of amusement, and prizes at bridge were awarded to Mrs. Adams and Dr. Adams. At five hundred, Mrs. Sparrow and Mrs. J. P. Crowley were the winners.

The card room was decorated with green and white flowers, while Irish and American flags carried out the idea of the occasion. Appropriate tallies of shamrocks were used at the card tables. Refreshments of creme de menthe punch and cake were served by the management.

High School Festival
Casino Burgoyne

Plans are nearly completed for the high school festival which will be given at the Casino Burgoyne, Monday evening, March 20th, by the pupils and faculty of the Daytona High school. No efforts have been spared to make this the crowning school event of the season. It will also mark the opening of the veranda which has been added so materially to the attractiveness of the building. A nominal charge will be expected of those who attend, the proceeds of which will be devoted to the establishing of the commercial department which will be installed in the high school at the opening of the fall term.

Mr. and Mrs. Potter with Miss Talbot entertained a few friends at bridge last evening at The Pines. After the game, refreshments were served.

There will be a business meeting of the literature department of the Palmetto Club, Monday afternoon, at 2:30 o'clock, at which time the election of officers for the ensuing year will take place.

Judges from among the guests at the various hotels have been selected to choose the winners of the most unique, prettiest, oldest and funniest costumes worn by the ladies and gentlemen who attend the Masque Ball, in the Casino Burgoyne, Tuesday evening. Three have been selected from the Ridgewood, two from the Prince George, two from the Despland and two from the Clarendon hotels. Beautiful prizes will be awarded the winners.

The St. Patrick's
Card Party Success

The St. Patrick's card party given by the ladies of the Palmetto Club, Friday afternoon, in the clubhouse, proved to be a brilliant success. St. Patrick's colors were seen everywhere, the decorations most gorgeous and artistic. Potted plants were used in abundance with clusters of marigold to liven the beauty of the festivities. Little green flags with the American flag over all, carried out the color scheme in its truest sense. Green punch in a cut glass punch bowl, added to the beauty of the decorations.

Cards were enjoyed for several hours, auction and five hundred being the forms of amusement. Prizes were awarded in each of the three rows at auction, the ladies winning were Miss Small, Mrs. Bryant and Mrs. Campbell.

After the card game delicious refreshments were served, the dainties in green and white, served by a bevy of pretty girls, during which the ladies enjoyed an hour of chatting.

Harrison Rhodes arrived Wednesday evening from New York to spend the remainder of the season with his mother and sister, Mrs. A. M. and Miss Margaret Rhodes, at their winter home on South Beach street. Mr. Rhodes takes a few weeks' vacation from his literary work every season for a sojourn in Daytona.

MRS. WOODBURY
ENTERTAINS AT THE
RIDGEWOOD HOTEL

A very elaborate St. Patrick's luncheon was given at the Ridgewood hotel Friday at 1:30, when Mrs. E. P. Woodbury entertained some of her friends. Covers were laid for twenty-four guests at a beautifully appointed table decorated with a huge bouquet of green carnations as a centerpiece, with asparagus ferns twined about the base of the vase and joining two large green St. Patrick's hats, one on either side of the centerpiece. Ribbons from each place ended in the hats to which were fastened St. Patrick's favors. The pretty place cards were decorated with shamrocks.

A delicious course luncheon was served in keeping with the excellent cuisine of the hotel. The ladies at the table were Mesdames E. P. Woodbury, Hawley, Matthews, Griffin, Drake, Dykes, Young, Titus, Mooers, Wentworth, Converse, Millard, Harrington, Caswell, Howard, Fibel, Curtis, Rogg, Malcom, Kling, Barnes, Misses Matthews, Hughes and Dykes.

ST. PATRICK'S DAY
CELEBRATION WAS
A GREAT SUCCESS

GREAT GATHERING OF IRISH ENJOYED FINE TIME IN GERMAN-AMERICAN CLUB ROOMS, FRIDAY EVENING.

Notwithstanding the short time devoted to arranging for the Irish celebration of St. Patrick's Day, the German-American society rooms in which the celebration took place were filled with the sons and daughters of Erin and their friends, between 200 and 300 persons being present, and the event was one of great enjoyment throughout and the committees on arrangement are to be congratulated on its unqualified success. These committees consisted of J. J. O'Brien, Patrick F. Donahue and W. F. Hurley, and Mrs. W. F. Hurley, Mrs. J. J. O'Brien and Mrs. Wm. R. Babington.

The hall had been beautifully decorated by the committee of ladies with green, gold and white, and American flags and green was in evidence also in the refreshments of which a bountiful provision had been made, and all in attendance ate green ice cream and drank green lemonade until it seemed to them that the rest of the world must be green with envy at not being present.

The entertainment program opened with a vocal solo by Miss Marion Knight, who was accompanied on the piano by Mrs. G. D. Simmons, a winter visitor at Daytona Beach. Miss Helen Babington also sang, being accompanied on the piano by Miss Barbara Ferguson. Mrs. Ernest Kreitzberg, Jr., gave a recitation and there was recitation and song by J. Howard Cagney, including a parody on "The Wearin' of the Green." Dr. W. W. Wilder accompanied Mr. Cagney and also gave several piano selections.

The speaker of the evening was Rev. Father William Barry, of DeLand, who delivered an eloquent address suited to the occasion. W. E.

Sullivan also made a pleasing address, and C. F. Burgman, secretary of the German-American society, on behalf of that society, made a neat speech of welcome to the assembled Irish. There were many prominent people present, both residents and visitors, and there were many expressions of gratification over the splendid success of the first Irish celebration ever held here and hopes as well that it would lead to a permanent organization of the Irish residents of Daytona and vicinity.

GAVE BAD CHECK FOR CAR TO A DAYTONA GARAGE
A man going under the name of Francis McAuliffe pulled a good one on the Williams of Daytona the first of the week.

McAuliffe and his wife spent the past several weeks camping out in a houseboat at Blue Springs.

He claimed to be a Canadian and handed out cards showing that he was president of the Fox Breeder association of Canada, and a director of the First National Bank of Harrisonburg, Va. Examination of all the bank directors available, however, failed to show his connection with the bank.

McAuliffe had been "dickering"

with E. L. Rowland for two weeks about the purchase of a Buick car and on Friday closed with Mr. Rowland for the finest Buick sent out from the factory. He tendered Mr. Rowland a check on a Canadian bank, already correctly made out. Rowland refused to accept the check. McAuliffe then stated that he would telegraph the Canadian bank to telegraph the money to the Volusia County Bank.

In the meantime, however, McAuliffe bought a Chalmers from the Williams garage in Daytona. He took possession of the car, and with two ladies, started for DeLand. In the meantime, however, Mr. Williams telegraphed to Canada and was informed that the check was no good. Marshal Morris was telegraphed to and upon the arrival of McAuliffe and the two ladies, arrested the man and took him over to the Sheriff's office. Mr. Williams refused to swear out a warrant, and McAuliffe and his party departed.—DeLand News.

W. E. BLODGETT RECEIVES
WORD OF MOTHER'S DEATH
W. E. Blodgett received a telegram from Fairbault, Minn., Thursday eve-

ning, conveying to him the sad news of the death of his mother shortly after 7:00 o'clock that evening at her home in Fairbault, as the result of a stroke of apoplexy. Mrs. Blodgett, who was 77 years of age, had been ill only about two weeks. Funeral services will be held this afternoon. Owing to the severe weather prevailing, and the fact that a brother of Mr. Blodgett is with his father at Fair-

bault, Mr. Blodgett will not go north at this time. Miss Florence Blodgett will go from Chicago to Fairbault to attend her grandmother's funeral, as her brother, Arthur, who has been quite ill from grippe in a Chicago hospital, has sufficiently improved to permit of her leaving him. Mr. Blodgett will have the sympathy of his many friends here in his bereavement.

THE MODERN MIRACLE: THE MODERN MYSTERY OF A MODERN SCIENCE

A RIGID STATUE TURNS TO LIFE
AND IS AGAIN TRANSFORMED
TO STONE BEFORE THE EYES
OF THE AUDIENCE.

When you visit a traveling exposition show like Johnnie Jones you expect to be amused and thoroughly entertained, but you hardly anticipate a miracle.

Nevertheless, there is a miracle situated on City Island. Its professional name is "The Miracle," and it lives up to its name. Suppose you saw a statue, colorless, lifeless, rigid, carved from an inanimate substance. Suppose you saw that same statue standing on the stage before you. Suppose you were in possession of all your faculties and your eyes were not blinded by the usual "banked" lights used in legerdemains.

Now conceive of this white silent figure gradually taking on the semblance of life. Conceive of the faintest tinge of blood deepening the cheeks, touching the lips; conceive of the gradual transformation of the nondescript robes of stone to definite wearing apparel. Then imagine, if you can, the statue stepping from the pedestal and moving down to the very footlights, a living breathing woman. But that it not all.

After the reality of the being has become established, she steps back, folds her arms and is transformed to a statue, all before your very eyes. Then, to prove conclusively that no mirrors or trick appliances are used, an attendant lifts the white marble head from the white marble shoulders.

You may believe the act is clever legerdemains; you may believe no carved substance could possibly become human, but you will undoubtedly believe the exhibition is a miracle—a miracle of an unknown and mysterious science.

Grammar.

Grammar is the science, or art, of correct speech. It is quite true that some people are able to speak and write correctly without having studied the rules as laid down in grammar, but it is none the less true that out for a knowledge of the rules the majority of people would write and speak in a most barbarous fashion.

THE WEATHER

Optimist Department. Devoted to
Cheering up "The Land of Sunshine."
(BY GENE JONES.)

Here is a touching bit of a letter from a farmer who recognizes the sterling value of consulting the Optimist Department:

Dear Sir:—I am in great trouble. I have a fine rooster. He is one of the finest specimens I have ever seen. There is something the matter with him. He crows all night. I have asked a veterinary about him, but he cannot cure the bird. What shall I do?

The Optimist Department respectfully suggests the following: If you want the easiest way out, shoot him! If this strikes you as too brutal, give him away to your worst enemy and buy a crow. A crow crows, but never roosts, while a rooster, he crows and roosts both. Roosters can't raise chickens, but they do raise H—s.

THE FINEST FLAG OF ALL.

They rave of flags and banners; They bless Old Glory's cause; They lose their sense and manners, In jubilant applause.

It is the way with nations, But I've been through the mill; And the flag that buys the rations, Is a good old dollar bill.

You may starve and serve your colors, You may love your country true; But the rag that gets the crucifiers, Is a green-back, crisp and new.

When all is sad and dreary, You're down and out and ill; The friend that's never weary, Is a good old dollar bill.

It talks but never tattles, It's there for you to spend; And in life's darkest battles, It's faithful to the end.

It takes the eye of chickens, It buys you clothes and shoes; It's apt to raise the dickens, If you waste it on the booze.

So cherish up your money, Don't let the gold dust spill; And you will find there's honey, In a good old dollar bill.

GENERAL BERTRAM TO GO TO ST. AUGUSTINE; SPENT PAST WEEK HERE

HAS ENTIRE CHARGE OF 450 AMMUNITION FACTORIES IN CANADA—WILL RETURN HOME IN APRIL.

Brigadier General and Lady Bertram, of Toronto, Can., who have spent the last week at the Prince George hotel, left this morning for St. Augustine, where they will make a short visit.

General Bertram has organized the vast ammunition manufacturers of Canada which produces millions of rounds of shot and shell every day. It is said there are now 450 huge explosive plants working two shifts through the entire 24 hours the efficiency and development of which rested entirely on the capable shoulders of General Bertram.

He was forced to leave his home for a rest because of the high tension of his work and the terrific strain and responsibility connected with it. He and Lady Bertram have spent the past two months in "the land of sunshine" at Palm Beach, Miami and Daytona. They will return to Canada sometime in April.

JONES CARNIVAL TO STAY ANOTHER WEEK

Announcement was made last night by the management of the Johnny J. Jones Exposition Shows which have been showing on the City Island all this week, that arrangements had been made to continue their engagement for another week.

The Jones Shows are very popular in Daytona and the fact that tourists from the south are arriving here daily swelling the local crowds doubtless, influenced the show managers to prolong the stay of the carnival in this city. The weather, too, during the past week, or a portion of it, has not been very favorable to outdoor amusement and many people who would, otherwise have mingled with the crowds at the City Island festivities, were deterred by the chilling winds which prevailed nearly every night.

Most of the shows, including the far-famed Miracle, the big feature of the carnival, will change their programs for the second week's stay and several new features will be offered.

There will be no change in The Whip, of course, but this popular riding device would never grow tiresome or old, and it will, no doubt, be as crowded next week with laughing merrymakers as it was this.

Both afternoon and evening performances will be given at the carnival, today and each day of next week, the tents not being removed until next Saturday night, after the late show.

Noah Under Indictment.
 Of course Noah saved the human race. But, grateful as we are for that little favor, on, if he only could have left out the pair of flies and the brace of mosquitoes!—Buffalo Herald.

Optimistic Thought.
Things are not to be estimated by
their number but by their importance.

Why Harsh Words Hurt.
Most people seem to feel hard words
more than hard deeds, and are more
sensitive to insults than to actual in-
juries. When we do to an enemy in
war is done from necessity, but the
will we say of him seems to arise
from an action of hate.—Phonetic

DAYTONA COUPLE WERE

MARRIED AT MIDNIGHT

Miss Bertha Frances Stenard and
Charles H. Smith were married Fri-
day, at midnight, by Rev. H. S. Right-
mire, at the home of Mr. and Mrs. E.
L. Quinn, on North Ridgewood avenue.
The bride was attended by Miss Jan-
ette Moser and William D. Camp-
bell officiated as best man, in the
presence of the bride's father, mother
and brother Harold, and Miss Marie
Johnson. The wedding was scheduled
to occur on Saturday evening and the
change of date was a complete sur-
prise, even to the bride's parents, as
well as the others in attendance.

A crowd of their friends who had
made plans to kidnap the groom, as
well as play other mischievous
pranks, were outdone.

The bride is a very popular young
lady, having been employed in the
office of the Daytona Public Service
company for some time, and the
groom, who came to Daytona from
St. Louis, is employed with the
Daytona Book and Stationery com-
pany, and has made many friends
here.

Mr. and Mrs. Smith were the rec-
ipients of numerous beautiful gifts.
The happy couple left Saturday morn-
ing for Jacksonville by automobile,
but will return in a few days and will
reside at 315 North Ridgewood ave-
nue.

low, corner First street and Woodbine
Terrace, is a peach and a bargain.
